INTRODUCTION AND GENERAL INDEX

- - - - -

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, presents to subscribers and the general public, this, the latest edition of the South Bend City Directory.

Confidence in the continued growth of the South Bend's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting South Bend to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the South Bend Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like South Bend, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of South Bend and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of South Bend.

The South Bend Directory Library

Through the courtesy of the publishers of the South Bend City Directory, a Directory Library is maintained in the offices of the South Bend-Mishawaka Area Chamber of Commerce, Inc., 320 W. Jefferson Blvd., South Bend, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Although South Bend is abundantly supplied with pure underground water, the river can be considered a potential source of water should it ever be required.

History and Development

South Bend and environs occupy land which was the scene of dramatic events in the romantic history of America's earliest westward expansion. Here, in December 1679, the intrepid French explorer, Robert Rene Cavalier Sieur de la Salle landed his party on the banks of the St. Joseph River. He made that perilous journey by water up the St. Lawrence, through the Great Lakes, by portage across the divide into tributaries of the "Father of Waters," the Mississippi. LaSalle's portage across the divide in 1679 took him across what is now Riverview Cemetery, through the kingdom of the Miami Indians to the Kankakee River.

Two years later, on this same site under the spreading branches of a great oak tree, LaSalle held his history-making council with the Indian Chiefs, leading to the Miami treaties, Council Oak, a grizzled veteran of those centuries, still stands in Highland Cemetery, a magnificent memento to days of courage and adventure. These interesting and romantic sites are appropriately marked by monument and bronze tablet.

In 1823, nearly a century and a half later, Alexis Coquillard founded a fur trading post on the banks of the St. Joseph. This development, a short distance south of the LaSalle portage landing, was to become the modern metropolis of South Bend. At that time, this was still Indian territory, although Pierre Navarre, the first white settler, had arrived three years before. His cabin stood on the north side of the river, near what is now the Michigan Street bridge. The name of the settlement was originally Big St. Joseph Station. This was reduced to St. Joseph in 1827 and renamed Southold two years later. The final change came in 1830 when the post office department officially designated the settlement as South Bend as fitting its site on the south bend of the picturesque St. Joseph River.

In 1842, Very Rev. Edward Sorin, C.S.C. and six Catholic brothers, held a council with the Indians after which was established the University of Notre Dame. In 1844 the Mother House of the Sisters of the Holy Cross and St. Mary's college was opened at Bertrand, Michigan. In 1855 both establishments were moved to what is now Notre Dame, Indiana, just opposite the University of Notre Dame.

Today Saint Mary's College is one of the nation's leading schools for young women, and the Saint Mary's Convent is known the world over.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is
circulation consulted.

TO BE EXACT by actual survey in twenty-four
average American cities by actual count
each City Directory averaged three and
one-half consultations for each business
day.

TO BE CONSERVATIVE we will eliminate the
sixty Sundays and Holidays when no
tests were made.

FOR EVERY THOUSAND DIRECTORIES sold
there will be an average of three and
one-half consultations for each book for
THREE HUNDRED and FIVE days, there-
fore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of residents, business concerns and institutions, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.
